

Product Details: Greases : High Temperature Grease Lubrication

High Temperature Grease Lubrication

MAK HITEMP GREASE

NLGI Grade: 2

Description

MAK HITEMP GREASE is clay thickened non-soap base smooth structure grease.

Applications

This is used in the lubrication of machine elements, plain bearing and anti-friction bearings operating at high temperatures.

Performance Benefits

Good oxidation resistance

Excellent ability to withstand high temperature

Performance Level

IS 12790 : 1999 (Grade 3)

IPSS: 1-09-008

Characteristics	IS 1448	Typical Figures
Type of thickener	--	Clay based
Consistency of the worked grease at 25°C a) 60 double strokes b) difference between 60 & 10,000 strokes	P:60	290 30
Drop point, °C	P:52	280
Copper Strip Corrosion Test @ 100°C for 24 hrs.	P:51	Negative

Health and Safety

These oils are not hazardous under normal use conditions. For further guidance appropriate Material Safety Data Sheet can be referred.
